***Response to Amendment***

The amendment filed on 09/16/04 is sufficient to overcome the prior art reference.

***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: Claims 1 and 10 are allowable because the prior art of record fails to disclose or suggest or teach the recited identification signal which is assigned to each of said outdoor and indoor conversion units, and said radio signal contains operation data and a flag information representing the identification signal, and wherein each of said outdoor and indoor conversion units determines whether a received radio signal is required to be received from a desired conversion unit based on the identification signal contained in the received radio signal, and when the received radio signal is required to be received from the desired conversion unit, samples and converts the received radio signal into a narrower-bandwidth signal (see claim 1); unique ID which is assigned to each of the outdoor conversion unit and the indoor conversion unit, and the radio signal transmitted from one of the outdoor conversion unit and the indoor conversion unit includes operation data and flag information representing the unique ID, and wherein each of the outdoor conversion unit and the indoor conversion unit receives and processes the radio signal based on the unique ID assigned thereto (see claim 10).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
